“With a background in the airline and cruise industries, I've always been passionate about creating enriching experiences. My travels inspired me to build Oceana, a nurturing space for children in Chennai. I founded Oceana with a vision to provide the kind of loving and supportive environment I craved for my own daughter while working abroad. Drawing inspiration from my experiences on a cruise ship, I aim to offer a safe and affordable haven where children can thrive and learn.”

HAPPY VOICES

””

“My two-year journey with Oceana Day Care has been nothing short of life-changing. It has provided my daughter with a safe and nurturing environment where she has blossomed into a confident, independent, and social individual. As a mother juggling my business, home, and parenting, Oceana has been a true blessing, giving me peace of mind and the assurance that she is in the best hands.

Watching her develop new skills, build meaningful friendships, and thrive in such a supportive setting has been a joy. The daycare’s convenient location within our community has also made life easier, ensuring she’s always close by whenever needed.

A heartfelt thank you to the Daycare Director, Soniya, whose vision, expertise, and unwavering commitment have made Oceana a haven for children. The way you’ve fostered a caring environment and trained your team to support multilingual children with such professionalism and inclusivity is truly commendable. Soniya, thank you for being an integral part of my daughter’s growth and our family’s journey.”
